

Thank you for choosing Magyar Bank. We understand that you have many choices when it comes to finding a financial services provider, and we are pleased that you have chosen Magyar Bank.

We've made transferring your checking account to Magyar Bank easy—just follow the steps outlined below and complete the appropriate forms to start enjoying the benefits of being a Magyar Bank customer.

1. If you have not already done so, open a Magyar Bank checking account.
2. Sign up for Online Banking and Online Bill Pay with your new checking account through our Web site at www.magbank.com.
3. Order a Magyar Debit Card—your Card will arrive within a few days of opening your account, and you will receive two separate envelopes—one with your new Debit Card, and a second with your PIN. You'll need to use this PIN the first time you use your card, but will be able to choose your own PIN at this time.
4. Change all of your direct deposits to your new Magyar checking account by using the letter we've provided.
5. Change all of your automatic payments and funds transfers to your new Magyar checking account by using the letter we've provided.
6. Close your former account, but be sure that all checks you may have written have been cashed and all automatic payments have been stopped.

That's how easy it is for you to start discovering the "Magyar Experience" for yourself. Of course, if at anytime you have any questions, stop by the branch nearest you or call 1.888.990.BANK.
