

Foreign Incoming Wire Instructions for Magyar Bank

Please complete all required payment details when initiating a foreign incoming wire. The beneficiary information should reflect your account number at Magyar Bank.

All incoming wires should be sent in **U.S. Dollars (USD)**. Select United States of America Dollar – USD in the currency field.

If you select a foreign currency in the link below, the sender will transmit funds in that foreign currency, and our processor will automatically convert the funds into USD. Please note that the exchange rate applied at the time of conversion may be less favorable depending on current market rates.

1. Currency: select United States of America Dollar – USD
2. Sending country: select country of origin
3. Amount (This is an estimated amount)
4. Originator name: enter the sender's name
5. Beneficiary/Recipient Details: enter your Magyar Bank account information
6. Click on link below and submit for instructions to populate:
